## Anders Persson – new CEO of ALTEN Sweden

**Anders Persson is appointed as the new CEO of ALTEN Sweden. At the same time he also takes over as CEO of ALTEN Denmark. Persson has 20 years in the company and is now Division Director for Regions and Country Manager for Finland. Anders starts his new appointment on the 1<sup>st</sup> of October and succeeds Martin Segerström who takes on the role as Development Director Northern within the ALTEN Group.**

Anders Persson started his career as a technical consultant in the late nineties and then working for ALTEN's subsidiary XDIN in the USA for 13 years, of which 7 years as the CEO. About three years ago Persson returned to Sweden and has been part of developing the company in his role as Division Director for Regions. During the past year he has also been responsible for ALTEN's operations in Finland.

"It is a great honour to assume the position as head of ALTEN Sweden. I look forward to leading the continuous development of our service offering within all our business areas. Together with our competent and driven colleagues we will now take the next step in ensuring that ALTEN remains the partner of choice for both our clients and employees" said Anders Persson.

"I am grateful for Martin's accomplishments at ALTEN Sweden. Now I look forward to working together with him in his new role. I'm also very happy to have Anders taking over as CEO in Sweden. He is an experienced and goal-oriented leader driven by the urge to achieve profitable growth together with his co-workers", said David Ljungström, Managing Vice President Northern.
