

PRESS RELEASE

June 30, 2021

AL TEN SWEDEN AB HAS SIGNED A FRAME AGREEMENT WITH TEKNISKA VERKEN I LINKÖPING AB

It is with great joy that we can announce that AL TEN Sweden has signed a three-year framework agreement with “Tekniska Verken i Linköping AB”. The deal means that AL TEN, together with four other suppliers, will act as partners and deliver competence in System Development.

Tekniska Verken has started an exciting journey digitalizing their business and as part of that work, they have established a new department of development. The department consists of three teams working with integration, BI and IoT. AL TEN will deliver IT-services, with assignments in fields such as developing applications, UX, product management, QA and modelling in MA and AI.

— It’s very exciting that we’ve managed to win this framework agreement. Tekniska Verken is a very interesting company in Linköping that work hard with sustainability and renewable energy, which we all know is so important today. We’ve already gotten our first request on an interesting project starting this fall which may lead to several exciting opportunities for our colleagues. We look forward to starting this cooperation, says Antonia Nyman, Business Manager at AL TEN Linköping

The framework agreement goes into effect on the 1st of September 2021 and stretches on for a period of three years, with a chance of extension for another three years.

About Tekniska Verken i Linköping AB

Tekniska Verken builds the world's most resource-efficient region by offering smart and efficient solutions that simplify our customers' everyday lives. Together with our customers, we take care of and use the earth's resources in a better way, with more benefit and less impact on the environment.
